

Little League

Dear St. Augustine Little League Member,

This is much bigger than Little League®.

The COVID-19 (coronavirus) pandemic is rapidly changing the way that we, as global citizens, think, act, gather, learn, and live our daily lives. And, yes, that also means how we play Little League. With the most recent guidance from the Centers for Disease Control and Prevention (CDC), the Little League International Board of Directors and staff is now strongly advising all its local Little League programs to suspend/delay their Little League seasons through no earlier than Monday, May 11. We implore you to follow this recommendation and suspend all Little League activities through no earlier than May 11.

With this recommendation from Little League we are following the request. As the situation evolves, SALL is committed to sharing the best guidance possible for our members. It is our sincere hope that we can find ways to bring all of our players back to the Little League fields this season.

Best,

Wade Taylor
SALL President

St. Augustine Little League, P.O. Box 305, St. Augustine, FL 32085

St. Augustine Little League is a 501(c)(3) Non-Profit Organization.
